The table below replaces the performance measure ‘Emergency patients admitted to a mental health bed within eight hours’ published on page 245, Chapter 2 *Department performance statements* of Budget Paper No. 3 *Service Delivery*.

<i>Performance measures</i>	<i>Unit of measure</i>	<i>2017-18 target</i>	<i>2016-17 expected outcome</i>	<i>2016-17 target</i>	<i>2015-16 actual</i>
<i>Timeliness</i>					
Emergency patients admitted to a mental health bed within eight hours	per cent	80	60	80	64
<i>The 2016-17 expected outcome is lower than the 2016-17 target due to challenges from population growth and high levels of demand for in-patient services faced by five metropolitan health services. There is work underway with regards to emergency department demand and reducing avoidable hospitalisations.</i>
